

▶ ABEL YRPRO Concrete Mixer

With a reputation of manufacturing quality mixers in New Zealand since 1964, the ABEL Concrete Mixer is now being manufactured by Youngman Richardson & Co. Ltd.

The ABEL YRPRO mixer has a new and improved design and comes with either a steel OR a polyethylene bowl. Both options are towable. These large capacity portable concrete site mixers are easy to move and set up, and are ideal for mixing larger batches of concrete and mortar or other materials. Durable, versatile, and reliable, our range of heavy duty concrete mixers is ideal for the construction and hire industries.

FEATURES:

- ▶ Strong durable easy-to-clean chassis designed for demanding on site applications.
- ▶ Honda GX120 4Hp Petrol Engine or 240 volt Electric.
- ▶ Supplied complete with tow hitch and fully integrated lighting board with LED lights.
- ▶ 3 large mixing paddles for enhanced mixing performance.
- ▶ Cast-Iron ring gear and pinion with protection guard for safe operator usage.
- ▶ Mixing capacity 100 ltrs
- ▶ Steel or Polyethylene bowl options
